Special Vehicles: 9
2005 Total Calls for Service: 95,000
2005 Total Index Crimes: 3,814

CRIME ANALYSIS IN CAMBRIDGE

Crime Analysis is the process of turning crime data into information, and then turning that information into knowledge about crime and safety in a particular community. While it is a growing field across this country and internationally, Cambridge has had a Crime Analysis Unit in operation for over 27 years.

The function of the Crime Analysis Unit (CAU) is to support the daily operations of the Police Department by collecting, managing, and analyzing crime, calls for service, and other data. The CAU also works together with analysts from neighboring departments to address cross-jurisdictional patterns.

By making timely observations of emerging crime patterns, hot spots, and other crime problems, the Cambridge Crime Analysis Unit ultimately aims to assist the Department in its criminal apprehension and crime reduction strategies.
